GREY'S ANATOMY

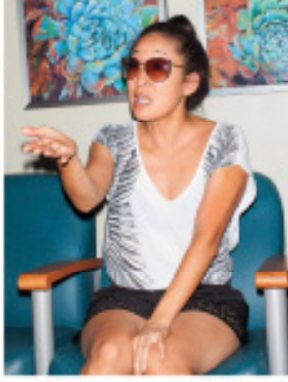

INTERVIEW BY CHLOE LIU-PETERSON

LOCATION LOS ANGELES — DATE JULY 23, 2013

PATRICK DEMPSEY IS spending more time with infants than infants these days. After longtime couple Derek (Dempsey) and Meredith (Ellie Pompeo) welcomed a baby boy in the July finale, the season finds Dempsey in episodes of screen time with the littlest casters. "I have a baby in my hands all the time now, or I'm carrying a toddler," he says, referring to the actress couldn't raise children. True, not has changed for the tech-heavy job in the past nine seasons, but Dempsey says he's lucky to have shared the ride with Pompeo, whom he counts as a good friend. "It's like we're a married couple at this point," he jokes. But with Sandra Oh finishing her run on the show this season and his future with Grey's still "up in the air," Dempsey says the upcoming year "is a complete celebration. I think there's just a real great feeling with everyone... We want to enjoy it as much as we can." —SANDRA GONZALEZ

PLAYING DOCTOR *Grey's Anatomy* and *Crash Medical* stage a handover-off-Clay's about. "You need a lot of intelligence on *Monday*" Mayer switches her career roller coaster, says Dempsey. "You have a lot of respect for her. I don't just sit around to watch her go away." (Dempsey) Mayer Oh adds she will not be the off-in-replace for the first season. They'll be a little bit of the same, but they will be different. "I don't know what they have planned. I don't want to know," she says Oh, adding, "I would love to get. There are a lot of people to give the doctor's job."

HOSPITAL FRIENDS

(From left) Justin Chambers takes a break; Patrick Dempsey and medical advisor Linda Kierke keep it professional; and Sandra Oh just makes for a better working environment for everybody. He said "Chandra" takes on a new series regular. Amber Brown, looking Sarah from *Survivor* to work.

THE CARRIE DIARIES

INTERVIEW BY MARK PETERSON

LOCATION NEW YORK CITY — DATE JULY 23, 2013

WE COULDN'T HELP but wonder: What happens when a former *Survivor* winner, Sarah, joins *Survivor* Lindsay (Gail) joins the cast of *The CW's Sex and the City* prep? Sarah: "It's going to be a nice new show," says star AnneSophia Pele, who plays the former *Survivor* Carrie Bradshaw. "Survivor" has such a nice appeal, but after this season she'll have another job. And Lindsay definitely brings that to the table. "Definitely. Some gives Carrie more opportunities to explore the city—season 2 features scenes in Brooklyn's Prospect Park and the Staten Island Botanical Garden. But whether she's knocking through SoHo or bumping around the quality apartment Carrie's house will be, it'll be conflict at home with the cast and crew. "We worked so hard in season 1 and now we're all going to be back together," she says. "It feels like a family reunion." —HILARY KINGS

✧ VISUALS DIRECTOR + PRODUCER ✧

The images in my portfolio represent a variety of my work where I was responsible for handling everything from concept and execution to sending the images to the press.

BEFORE SHOOT

Conceptualize direction for stills + video photo shoot.

Pitch concepts both internally and externally.

Internally to the magazine's Editor-in-Chief, Creative Director,
Executive Editor, Writer and Art Director.

Externally to talent, showrunners, network publicist, personal publicist,
managers and anyone else involved on a shoot that needs to sign off with approvals.

Assign photographer, set designer, glam, stylist and all other crew members needed
to execute approved concept, working with each of them directly on the direction.

Manage the budget for small and large scale productions.

Manage all contracts.

Produce photo shoot in its entirety, both domestically and internationally.

ON-SET

On-set art direction working directly with photographer.

On-set production manager.

AFTER SHOOT

Select final images I feel work best for the project. Work with art, edit, online and social
teams to make sure all assets are ordered for the various platforms and departments.

Work with photographer to oversee all retouching and color correcting.

Work with in-house production team on color correcting, placement
and sending final images to press.
